I'm tired of the whole situation period. If you wasn't with her in years and y'all were just cool you wouldn't have to live there in order to hold your son down. How stupid do you really think I am? If you weren't with her she wouldn't be tripping off of you. I am so sorry that it has to be like this you will never know how hurt my feelings are but I can't do it anymore. Its too stressful I would just rather be alone. Its not about wanting to be with anybody else its about wanting better for myself other than being a fool. I love you to death that's why I tried as long as I did but I just don't have it anymore to do. I just have to walk away from you even if it kills me.

I'm not stupid brandon so just stop. You didn't want her seeing you in my truck for your protection of your relationship with her. Your so used to having the both of us that you can't let either one go. Nobody in there right mind would have stayed with you for 5 years while you've lived with another female. Omg are you serious.... I haven't met anyone. I told you what you wanted to hear because I thought that was going to be the only way I made it out of there alive. This is coming from a person who I caught in the bed with someone who has a baby calls strippers and gets messages from bitches all hours of the night. Lucky for u I'm not like u. I didn't bring anyone into our situation. Why so....to look like a dummy. I don't think so. She probably found out who's truck you was driving and you said ok I won't again or something along them lines. If she had a dude and was doing her she wouldn't be thinking bout you. And you took your bag with you so it would look as if you've been going hard all night. You so used to being able to have sex and everything go back to normal but were not there anymore because all you ever do is lie to me. I hate that shit. I'm already bothered that year after year...years..you still manage to find an excuse as to why you still have to live with your girlfriend and basically wife her up. I'm tired of it. Its always something with her or other chicks. I'm so fed up with just dealing with it because I love you. Its not fair. You have so many secrets and secret lives its crazy. Even as much as I enjoyed you its gonna take a way more than that to try to earn trust because right now were at the end of our ropes. I love you but your not trying hard enough. Sorry you wasted your money for the movie tickets. Maybe today if were friends

Eventually I'm gonna become so fed up and just walk away and it may take some time but you will realize that you did me wrong and you will miss what could have been. I do nothing wrong to u period. I'm in the house every night. I'm not out here doing me because I'm finding shit on u all the time. Wtf... why even continue playing with me like this.
